

Accessibility Findings – COMP 584 HW3

Pros

- Text size is large enough to read easily.
- Images include alt text for screen readers.
- Single column layout makes the email simple to follow.

Cons

- Background image with text may be harder to read.
- Some color contrast could be improved.
- Sections don't have ARIA labels for accessibility tools.

Conclusion

Overall, the email works well for readability and layout, but could be improved with stronger contrast and more semantic labels for accessibility.
